TO WHOM IT MAY CONCERN

The bearer of this letter, **Mr Greg Harrap**, has been employed by Boral Quarries as a Contractor for the last five (5) years. During that time we have found Harrap Constructions to have completed all contracts more than satisfactory. We have also found Greg to be honest in all his dealings.

I therefore have no hesitation in recommending Harrap Constructions to any prospective employer.

A handwritten signature in cursive script that reads "Albert Johnson".
